The ODU Web (Students)

Two sites use different logins and passwords than the standard ODU username and password: ODU Library and TK20. You will receive special instructions for using TK20 if your department requires it. Many of the library's online resources require a log-in to access them remotely. For off-campus access to library resources, visit http://www.ohiodominican.edu/library/offcampus.

The ODU community has several important intranet sites, all of which require you to use a login and password for access. Once you are assigned a login and password, you can access the intranet from any computer with internet access.

MyODU
myodu.ohiodominican.edu
The MyODU site is a portal that contains links to the most frequently used resources and intranet sites at Ohio Dominican University. Remember to login to the website to see all of the information available to you.

ODU Online
oduonline.ohiodominican.edu
ODU Online provides students with information about their classes. You can get a copy of your schedule, register for classes, and view final grades by logging into ODU Online and selecting students.

From there you have a list of options:
- Register for Sections
- Drop Sections
- Manage My Waitlist
- Personal Account Holds
- Grades / Grade Point Average
- Transcript / Transcript Request
- Program Evaluation
- Test Summary
- Enrollment Verification
- Schedule
- Profile
- Graduation Application

Your instructor may calculate and keep track of your grades in the ANGEL Course gradebook; however, final grades that appear in ODU Online are official.

ODU Online Basics

ODU eMail
webmail.ohiodominican.edu
ODU uses Outlook 365 and Webmail as the official mail server. Using your personal email address to contact instructors or communicate with campus services is strongly discouraged. ODU does not provide support for other email systems. Using your ODU email address helps verify your association with ODU.

The Information Services (IS) department helpdesk will provide you with support and answer any questions you have about using ODU email. The help desk can be reached via email at helpdesk@ohiodominican.edu or phone at 888-251-0773. If you contact the helpdesk by email, please use your ODU email account if possible.

**Webfile - Your H: drive**
webfile.ohiodominican.edu

All students are given space on the H: drive. You can access these files from home using WebFile, which uses a program called WebDAV to give you access. It is recommended that you use the H: drive to store all of your official ODU documents and coursework, as the H: drive is backed up frequently and is very secure.

If you are on campus, go to your Desktop and open My Computer. Double click the H: drive (may also display with your last name).

- **How to use Webdav from home**

**ANGEL**
courses.ohiodominican.edu

ANGEL is ODU’s learning management system. All courses on record with the registrar will have a place in ANGEL. Each ANGEL course is specific to a term, course, and section. Therefore, they cannot be reused or repurposed. Students cannot enter a course in ANGEL until the instructor “enables” the course.

If you are having issues regarding your ODU username and password, or technical issues regarding a program on your computer or your browser, contact the Help Desk at 888-251-0773. Technical issues that occur within the ANGEL environment (such as content items) can be directed to angel_administrator@ohiodominican.edu.

**ODU Library**

www.ohiodominican.edu/library

The ODU Library offers a collection of books, ebooks, DVDs, periodicals, databases, and other resources to support your research. Due to licensing agreements, many of the ODU Library's electronic resources are restricted to current students, faculty, and staff of the University and require a log-in if you wish to access the resources remotely. For off-campus access, visit http://www.ohiodominican.edu/library/offcampus.

**TK20**

ohiodominican.tk20.com

TK20 is ODU’s portfolio management system. If your department uses TK20, you will be required to purchase a subscription and then you will receive a specific username and password. This site does not use your ODU username and password.

For questions regarding this system, please contact your system administrator by email: helpdesk@ohiodominican.edu or by phone: (614) 253-3633 or (888) 251-0773.
